

3-2-1 REFLECTION

***DIRECTIONS:** Please use full sentences to clearly and specifically answer the questions below.*

1.) What are three things that you learned from your experience working in your cooperative on your plankton tow? OR If you did not work in a group, what are three things that you learned from working alone? OR If you didn't make a net, then give three observations that you made during construction or field-testing.

A.) _____

B.) _____

C.) _____

2.) What are two things that worked well in your plankton net construction? OR If you did not make a plankton net, then what are two things that you learned from watching others in the class make one? OR If you were absent, what two things worked well from what you saw during the field test?

A.) _____

B.) _____

3.) What is one thing that you would change about how you made your plankton tow based on how it performed in the field test? OR If you were absent and did not field test your plankton net, then based on what you saw others doing, what would you have changed? OR If you did not make a plankton net, then why didn't you make one?
